Re: IWW #1118 Wetland Regulated Activity

Wetlands Commission & Town Staff

I respectfully ask for a continuance of the public hearing for 36 Ferncliff Drive from February 3, 2020 to the next scheduled public hearing of March 2, 2020. Unfortunately, the abutting property owners at 30 Ferncliff Drive and I have not been able to meet, therefore in order to address the Engineering Division comments and the abutters concerns, I feel it is best to continue. This continuance would allow time to finish the updated plans and grant the commission time to review. We consent to any extension of time required to accommodate this continuance.

Thank you,
Jason Levesque
